

Obedience (Deut. 28:1-14)

By your prayer I was able to return back from our Latin America mission. The lady's two days right before I came back I suffered because I got a cold. I tested myself and I came out negative however I am not completely restored. For two days I suffered because of my cold and I also took medication and now I'm able to stand before you to give the message. Thank you so much for your prayer and I believe that God will continuously open the doors for evangelism. Today's message is entitled Obedience. In other words, it means that you must listen and carry out. In today's scripture God proclaims such tremendous promises. The Lord God promised I will make your life to be like this as long as you obey my voice. I do hope that God's great blessing will be upon us all. There were at least fifty pastors from seven countries that came to The Guatemala mission conference. I do believe that they were quite stunned to see the interpretation of the gospel through the Bible. There were a few pastors who approached me to give thanks to me. Through pastor Israel the doors of Cuba are beginning to be opened so we are discussing that. I do hope that many of our church officers, disciples, and ministers will arise to continue this movement. In Toluca we were able to meet a few of the disciples that were able to continuously receive training through Pastor Josea. Within our Guatemala we approached them with the basic gospel movement to relay to the fifty pastors. However in the meeting in Toluca we had many believers who continuously received training so we were able to relay the second service message to them. Of course, we relayed the message centered on the devotion of evangelism. We also relayed to them what does God desire and how must we carry out what he desires the most. I had a sense of feeling as I was listening to their testimony that they were trying to receive the word and yearned to receive it. For all believers who are living in America God has given us the fate and destiny to save Latin America. We must never simply pass by Latin America as we head towards world evangelism. Pastor Mario from Guatemala and his believers were able to devote themselves so much during this conference time. The church was able to provide breakfast and dinner for us. In different aspects that needed devotion they were able to serve themselves and we thank them for that. I do believe our two remnants who were able to go out to the mission felt and gained many things. I would greatly appreciate it if all of the remnants as well as the young adults would devote themselves to stand as the next generation missionaries. I would like to ask one favor which is for you to continuously pray for the Ensenada conference that will be held from August 8 through 12. It will be a time of gathering of the pastors from Ensenada as well as Los Cabos to receive training. There is a pastor named Juan and he has a wife that is very fluent in Spanish and English. There are a few American missionaries who reside in Ensenada to save that field. These missionaries are receiving messages from the pastor's wife every week. In the region of Chiapas we met a young adult Caucasian missionary. When pastor Ricardo and Pastor Israel are giving their sermon in Spanish there needs to be an interpreter for me because I do not speak Spanish. At times I was the one who needed interpretation so the Caucasian missionary would devote himself to translate the message from Spanish to English to me. He has a mentor that lives in the region of Sonora and the mentor has many great connections to other people so we decided to invite him as well. We set the date in which they are able to come to the conference from August 8 to 12. We do hope that this will be the start for the doors of America to be opened. I do hope and anticipate that many of you will hold onto this as you pray.

1. Obedience

Today's message is entitled obedience. Just as we read in today's scripture God has proclaimed his tremendous promises but there is one condition to this. It says be careful to do all his commandments that I command you to do. It says if you obey the voice of the Lord your God. It means the same. Only when you listen to the word and follow after the word. The Lord your God will set you high above all nations of the earth. Blessed shall you be in the city and blessed shall you be in the field. Blessed shall the fruit of your womb the fruit of your ground and the fruit of your cattle. It's truly amazing. To this extent it's more Than enough. Blessed shall be your basket and your kneading bowl. Blessed shall be when you come in and blessed shall you be when you come out. The lord God says when you fall you will receive blessings when you stand you will receive blessings. The Lord will cause your enemies who rise against you to be defeated against you; they will come out against one way and flee before you seven ways. It's truly amazing. All you have to do is one thing. Just simply do what the Lord God commands you. Then God promised your life will be like this. The problem is that we are diseased for the fact that we do not want to do this one thing of following God's word and we do something else. It says that the Lord will command the blessing on you and in your barns and in all that you undertake. The Lord will make you abound and prosper in the fruit of your womb and in all the fruit of your livestock and the fruit of your ground within the land that the Lord swore to you. The Lord will open the way for you to receive the rain upon your land. You shall lend to many nations but you shall not borrow. This is truly amazing. The Lord will make you the head and not the tail. All you have to do is this one thing. It says that you shall only go up and not down. It's truly amazing. If you obey the commandments of the Lord your God. Do you think this is possible? Is there anyone that was able to do this? There are many figures recorded in the Bible. Even now, are there people like this around us? There are. I will not say their names, but you do know these people. Within our surroundings, there are those who are living this life. The Lord God always says that if you keep and obey the voice of the Lord. May you listen to it. He continuously emphasizes this alone. Even within your own mistakes, He will overturn it. The Lord God says that even when you make a mistake, He will bless you when you come in and bless you when you come out. It is possible for this to take place. Please don't let it pass by as a story. May you stop yourself. In my opinion, I believe that God is opening doors in Latin America through us. And if that is the case, it is such a historical work. Rightfully so, all things that are promised are within this. Why is that the case? It is because we only strive to enjoy Christ. For those who are making excuses, may you not do that because this is the one thing that the Lord anticipates from you. It is written in Verse 14, "and if you do not turn aside from any of the words that I command you today, to the right hand or to the left, to go after other gods to serve them." To do of Only Jesus Christ and come to the conclusion inside of Christ. If you only do this, there is nothing for you to resent the Lord. It is just that you do not do this or when you do it, you hardly do it. You have not yet staked your life for Only Christ. If it is God's grace for you to stake your life for Only Christ, your life will be like this. It is not possible with only the head and not the tail. It is truly amazing. The Lord God said "I will make you the highest of all the nations on earth." Was there ever a time in which this took place? What do you think about the age of Solomon? In the latter half of his life fell apart because of idol worship, but prior to that, think about his walk of faith. The small nation became a powerful nation. Nobody was able to defeat them. I believe that your life

can be like this. He has given you so many promises. After he testified to his detailed promises, he was able to confirm it once again. The Lord God said, "If you are able to keep the commandments of the Lord your God." At times, after hearing the words that say to keep the commandments, you have thoughts asking if it is possible for you to keep it. However, this is not the case. In the Old Testaments, you can see the laws, sacrifices, and Three Feasts that were observed by the Lord. In that aspect, as long as you believed in Jesus Christ, you kept it all. You must not do the things recorded in the Old Testament, however the moment you believed in Jesus Christ and accepted him inside of your heart, you have done that. Next, he explains the interpersonal relationship problems. That is done when you keep the fifth through tenth commandments. There are a variety of things written. But within the provisions, it is kept within the fifth to tenth commandments. When you keep the commandments, you don't have to keep the clause behind it. In the Old Testament, there were certain clauses that they needed to keep. Matthew 22:40 states, "On these two commandments depend all the Law and the Prophets." The law signifies the Five Book of Moses and the Prophets signifies the other books written according to the prophets. It is the summary of it all. The Lord God says that these two commandments are the summarization of the Old Testament. One of them came to approach Jesus and asked which was the greatest commandment of all. Jesus said the first commandment, in which you must love your Lord God with all of your soul, heart, and mind. In the second commandment, you shall love your neighbor as yourself, you shall not steal from them, or do any wrongdoings to them. If that is the case, you must be able to observe and keep the commandments in this perspective. Then it would be very simple. That is why in the fourth commandment, it states that you shall not do idol worship or look from right to left. You must be able to remember the Sabbath Day and make it holy. Rightfully so, you must admire the Lord your God and shall not use His name in vain. You shall not do any harm to your neighbors including your parents. There is no one that is not able to do this. It is so simple. God says that if you keep this, He will do according to what He has promised to you. May you never forget. It is so simple.

2. Enjoyment

It is very simple, but there is something that you must always keep in mind. God's commandment and His Word is simple, but what causes it all is Satan's variables. As you believe, Satan will hinder you to not obey the Lord. The moment you keep and hold onto the covenant, Satan will be bound. I do believe that you must first enjoy keeping the commandment of the Lord God. In order for you to keep and obey the Word of God, you must have spiritual victory in the battle. That is when all things will be possible for you to obey God. That is enjoyment and it is contained inside of Christ. It is a spiritual battle for you to obey the Word of God. But yet, you are not able to obey God which is why you are being attacked by Satan. Satan attacks you the most so that you do not obey the Word of God, which is why you must enjoy the covenant word that God gives to you and be victorious. Fundamentally, it is very important for you to be victorious in your walk of faith as you obey the Word of God. Today's scripture speaks of such great conquest and victory of it all. He states that you will be the head and not the tail. That is a tremendous victory. This means that all aspects will be overturned for you. When you place the word inside of your heart and hold to it as your covenant, you will be able to have spiritual victory and conquer all the darkness. Also, it says that you shall only go up and not down. It's truly amazing. I believe that this will take place. Your life will only go up, and it shall never go down. Is that truly possible? This must be your covenant. Your spiritu-

al eyes must be open to uncover this. Is it truly possible that you will be made as the head and not the tail? And who can ever block the blessing that God will pour down blessings to you whenever you go in and go out? The fact that even your mistakes will be overturned into blessings is truly amazing. The Lord God said, "You shall be blessed in the city, and blessed shall you be in the field." Your household will be blessed, and your field will be blessed. Is this possible or not? How is this possible? Has anyone that received such a blessing existed? Even in the present, is there anyone? The Lord God said, "If you keep the covenant I have given to you, you shall lend to many nations, but you shall not borrow." The Lord God said that He will set you high above all the nations of the earth. It's truly outstanding. May you ask yourself, "Is it really possible for me, and if that is the case, what is the answer I must hold to?" Then, may you really resolve and come to the answer to your life. During this pandemic, I received such an important answer from God, and it is an important message He has relayed to me. To be honest, it is not fully mine yet. I believe I am in the process in which it will become my own. And there is a second answer given to me. God allowed me to realize the importance of the disciple. The word "disciple" came into my heart. I had heard it many times in messages regarding disciples. But in the past, I did not hold onto that, and I merely thought I knew of it. The Lord God said, "If you simply know of it, you will receive answers." And that is when I uncovered the importance of disciples. And from there, I was able to have the confidence inside of God to testify to the work that has taken place in the book of Acts. That is why, during this pandemic, I was able to testify the book of Acts to the disciples. And I believe that I will relay the same message to you all in the church camp training. From that moment on, when "disciple" really hit my heart, that's when God opened the doors. It's not just an individual disciple. In our Guatemala conference, the pastor who we were connected with said that he would gather 200 pastors in that region. Of course, they wouldn't be sleeping and staying there during that time. They will only go to receive the training. Pastor Israel has more than 3,000 followers on Facebook. He received a message from Cuba, asking for him to visit them. So we are planning to attach a team so that they can go. Then, he said that, after this meeting in Cuba, he desires to gather at least 300 pastors to receive the Gospel message. To be honest, we're not quite sure if it could take place or not. But in the past, even such words never really hit my heart. There were many times when Reverend Ryu said that if you simply know of it, then the answer will be yours. I have faith that God will slowly open the doors through the pastors that will gather in the Ensenada conference. I believe that all that God has promised us will be fulfilled. It will be done. We can receive the answers worth 100 and 1,000 years. It's not because of us yet because of the fact that it is God who is with us, and it is His desire that He will fulfill through us. You must be able to align your heart and your mind to God's direction. God is absolutely able to be at work, but there's a conflict between you and God because you are not able to connect with God's desire and will first. It is such an important promise, but what do you need to do before that? You need faith as well as authority. The Lord God said that He will cause all your enemies who rise against you to come out one way and flee before you seven ways. And this is only inside of Christ. That is why we emphasize the power of Christ. You must be able to hold onto the covenant once again and make a deep confession and then do the same thing again. You must resolve in your heart that you will hold onto it for the rest of your life. And when you continuously do this, then God will allow you to go inside of deep prayer. God will allow you to go in the depths of the covenant and enjoy it to the extent that you're able to fully understand the blessing of the throne. And rightfully so,

the work of transcending time and space will be upon you so that you will come to know of it. Then, God will shine the light to the 237 nations, and you will come to see it. Then, you will see that God has fulfilled all of His promises in your life that have been stated in the scriptures. Your life must be like this. So the question is, is this possible or not? Are there any examples we can look at? If there's one example of living this life, then we can rightfully do the same as well. Regardless of the two or five talents God may have given to you, it doesn't matter. You must be the one that follows after His commandments and does not serve any other gods, doing only. You must hold onto the promising blood at the center of your heart and live that life. This is a rightful blessing that God has given to you. Why is that the case? Many people have lost a hold of it. Why is that the case? It is because they do not know the true Gospel. Even though they have heard of this Gospel and know of it, it takes them a long time for the Gospel to truly be their own. To that extent, our nature is so wrong. But now you have come to know the truth. You must come to know of the Gospel more every single day. This is a rightful blessing. For all the remnants, including those who have gathered at the place of worship, may this blessing be upon you. Moses was also a man who deeply enjoyed this. He deeply enjoyed this to the extent that he was able to follow God's commandments. He came out of Egypt, he was in the wilderness and was able to surpass it all, and he was prepared to enter the land of God's greatest commandment, Canaan. There is also God's greatest commandment that He has given to us in this age. You must live your life heading towards that while holding onto the covenant. It is Acts 1:8. It is to testify of Christ to the ends of the world. Of course, age by age, there were different commandments. But there was a similarity to all those who held onto God's greatest commandment as the covenant. They lived such a historical life. We all know that Joseph was sold as a slave. But in the end, he was able to rise as the main figure of God's work for that age. Daniel was taken as a captive to Babylon, yet he became the greatest figure to do the Gospel movement. For Apostle Paul, he would have been the greatest sinner in that age. He became the start of the Gentile mission to go and save all as he held onto God's greatest commandments. We are those who hold onto the covenant to save America. That is why, may you continuously pray for the Ensenada Conference. We do not know if it will take place or not. As time passes by, we will be able to come to see if this is the door that God has opened to save America. God will be very upset if it is not his will and desire but we earnestly pray for that. Fundamentally, we must be able to connect to his desire. Everything is in God's hands but it is God's eternal desire for us to testify the gospel to save America. If we are able to testify the gospel that all American churches have lost hold of, God will be very pleased. It will give such a great influence to not only the churches in America, but the missionaries and their fields. Their fields will be revived to the extent that true life and the gospel movement will take place. Our church will be the representative of the Antioch Church of this age. Rightfully so, Latin America will be influenced by all of these great works through America and our church. We are continuously praying to save the Indian Reservation. We are praying so that great works of healing will arise. It is a place where the remnant movement must take place. I do believe and see that there has not been a successful mission team to testify the gospel. I do believe that we must succeed and do believe that we will succeed. It is because the content that God has given to us correlates with the gospel in the Bible. It is because the gospel we hold onto is the gospel that God desires to relay onto the world. Rightfully so, it is very important. The reason why things are not taking place upon churches of America is because they do not speak of this gospel. If the churches of America

testify of the accurate gospel, the work of Satan will not arise in the world. In most cases, when the sermon is being proclaimed it is only the believers who receive the message. There are many churches who do not really relay the gospel out to the world. If churches continuously proclaim the word that God desires to relay to the world, Satan will be destroyed. God has created his word so that he is able to proclaim the word to those he seeks after. God only gathers those that he desires to receive his word at the place of worship. All the work that takes place through the work of Satan will be defeated through the word proclaimed in the church. The Lord God says, "The Lord will cause your enemies who ride against you to be defeated, They shall come out against you one way and flee before you seven ways." Only if you keep his word, will he do it, He never told you to go and do something else. He wants our church to only proclaim his word. Our church will always be number one and never number two. The Lord God says that all the believers who go in and out of the church will be blessed. He says that there will be fruit of the loom, fruit of the ground, and fruit of the cattle. That is why we must be able to keep this word in the church. He will bless our church. That is God's promise. The Lord God says to not do anything else and just simply proclaim the word of God. You have concluded all the tasks he has entrusted to you and everything else is within his hands. It is the same for you as well. May you hold onto God's word. Even force yourself if you cannot. May you continually hold onto his word and wait for that time. God will do according to his promise. You must hold onto his covenant. It is a tremendous thing. We have fulfilled our duty if we testify the gospel that has been given to us. Why are churches in America dying? Why is society in America being seized by Satan? Behind the scenes, they are moving everything according to Satan's desires. How can we heal that aspect of the world? The churches must restore the gospel. That is why you must continuously confess the word you desire to relay out to the world in the church. It is the same for the Indian Reservation. It is impossible to heal their addictions. Do not look at that. All we must do is gather the pastors and testify the true gospel they have lost hold of. The pastors will be able to receive that word, go back to their church, and relay the word to their believers. If they continue on, God will be at work. It is not to the extent that the next generation has fallen into the addiction that the adults have fallen into. We must relay the spiritual aspect to them and plant it inside of their hearts so that they do not fall into the addiction that their parents have fallen into. Is this possible? The Bible confirms it is possible. Why was it possible for the Israelites to come out of Egypt that night? It is because they placed the precious blood on the doorpost. Why did the Mitzvah movement occur to Samuel? It is because he gave the ram as a sacrifice to the Lord. Why did great works arise through Apostle Paul? He specialized in Christ and the promising blood. That is why great works arose through him. Great works arose to the extent that these disciples arose. There has never been an apostle who specialized in saving the field like Apostle Paul. He specialized within the content of the gospel to the extent that all the other apostles were unable to catch up to him. It is so easy for you, all you must do is to relay it to your field. We are truly thankful that we have received this from God. From that point on, everything else is within God's hands. What's more important is that your life will be like this as well. How do you achieve success in your life? You must hold onto the covenant of Jesus Christ and enjoy it. You must have spiritual victory. You must obey and keep the word, You must break down the forces of darkness that attack you. Hold onto the covenant to the extent that your enemies will be cast away. I do believe God will bless your life in this way.
