The Disciple

Matthew 28:16-20

Disciples are those who save others by the Gospel. They save lives by testifying the Gospel to those who are in fate and curse because of Genesis 3. God will be at work when the disciples relay the reason and answer as a message. Those who listen to the message of spiritual eyes will open and be set free from the curse. This is the Gospel movement and the Gospel movement is the Word movement. Therefore, the disciple needs the Gospel as their own message to share to others.
